

Sec. 11-54. Vehicles transporting garbage.

Any person collecting garbage upon a written authorization from the council shall carry all decayable garbage in a watertight wagon with a tight-fitting cover to prevent any leakage. (Code 1961, § 13.9)

Sec. 11-55. Maximum collection rates.

The maximum charges or fees that any person collecting garbage upon a written authorization or permit from the council may exact for such service shall be as determined by resolution of the city council. Nothing contained in this section shall prevent the charging of rates lower than those specified by the city council. (Code 1961, § 13.10)

Sec. 11-56. Disposal to be in manner prescribed by council.

Any person authorized by the council to collect garbage and other substances shall dispose of the same in such manner as directed by the council. (Code 1961, § 13.11)

Secs. 11-57—11-62. Reserved.**DIVISION 2. BURNING OR BURYING****Sec. 11-63. Burning.**

It shall be unlawful for any person, as principal agent, officer, clerk or employee for himself or for another person, to burn

garbage, rubbish, brush or other substance in an open fire or incinerator other than a double combustion type incinerator approved by the Bay Area Pollution Control District. This section shall not apply to fires in indoor fireplaces and fires for the purpose of outdoor cooking, provided that fires shall not be used for the purpose of burning any garbage, leather, rubber, plastic, green or wet vegetation or organic material or any other substance producing smoke problems or odor problems. (Code 1961, § 13.17)

Sec. 11-64. Burying.

It shall be unlawful for any person to bury refuse at any place within the city: provided, however, that lawn and garden trimmings may be composted. (Code 1961, § 13.18)

Sec. 11-65. Enforcement of division.

This division shall be enforced as a health and safety measure to prevent the nuisances of refuse accumulation, including odors, insect or rodent attractions, burning of any garbage, leather, rubber, plastic, green or wet vegetation or organic material, or other substance producing smoke problems or odor problems. The council of the city hereby finds that each and all of the above specified conditions constitute a public nuisance and are unlawful in violation of this division and subject to immediate abatement by any officer of the city. (Code 1961, § 13.19)
